

INTEGRATIVE HEALTHCARE SYMPOSIUM FACTS & FIGURES

The Integrative Healthcare Symposium is all about networking and making connections. At this annual event, practitioners with buying power come together to connect with each other and with like-minded vendors and suppliers. Expand your market share, build relationships with new and current clients, and share your product or service with an audience of practitioners from throughout the healthcare community.

and **23** countries attended in 2018!

CONNECTING THE INDUSTRY

What Attendees are saying

- "The range of topics and session options gave me so much to choose from, and each speaker was excellent with quality of content and delivery."
- "I like the variety of practitioners that attend and speak. I love the quality of the exhibit hall!"

What Exhibitors are saying

- "A great group of professionals from both the traditional and non-traditional healthcare avenues."
- "There were many great breakout sessions, which allowed us to have excellent traffic at our display table. The audience was all well qualified and very interested in our products."
